**Kerbside Guide**

# Quality Counts - be a five-star recycler

Make sure the quality of your recycling is high and help the environment.  
Please don't include things we can't recycle yet.

## X NO THANKS - WE CANNOT ACCEPT THESE ITEMS

Black bin liners

Pill cases

Polystyrene packaging e.g. food trays and cups

Crisp, sweets, or biscuit wrappers

Rigid plastics e.g. toys & plant pots

Pet food pouches

## What is recycling contamination?

Put simply, contamination in recycling refers to anything that's in your recycling that shouldn't be. In some cases, that might be the result of what's known as 'wishcycling' – when we chuck without checking, in the hope that something is recyclable.

It could be something that's recyclable, but not collected by your council yet, recycling contaminated with food or something that can't be recycled at all.

## Why is contamination bad?

There are a number of reasons why it's important to put the right things in the right bin. If there are too many of the wrong things in the bin, it can mean that whole lorry-loads of recycling can't be recycled. In other words, a few bad apples spoil the whole barrel.

[buckinghamshire.gov.uk/bins-to-use](http://buckinghamshire.gov.uk/bins-to-use)

Another consideration is the increased costs of collecting and sorting contaminated recycling – costs that are ultimately borne by all of us, as taxpayers. By making sure the right things are in the right containers, we can all help save time and money and make the recycling process more effective.

Contamination can also reduce the value of the recyclable materials and can lead to them having to be disposed of rather than recycled into new products.

## Top tips:

- Use your washing up water to rinse items such as glass jars and plastic bottles
- If there's lots of grease on your pizza box, you could tear off the greasy sections (or just recycle the lid)
- Remember to replace the lids on bottles and jars before recycling them
- Remember to remove any polystyrene or bubble wrap before putting cardboard boxes out for recycling
- Remember, all recycling should be loose and no bags in the mixed recycling bins

## Mixed Recycling

Collected **fortnightly**

You can recycle packaging from all around your home.

Rinse food packaging and place them **loose, not bagged**, into your recycling bin.

If the bin contains the wrong items, we will be unable to empty it. If in doubt, leave it out of the recycling bin.

You can leave extra large cardboard, flattened to the side of recycling bin.

No bags in this bin

## ✓ YES PLEASE

Paper or cardboard (thin and corrugated)

Plastic bottles, tubs, pots and trays

Glass bottles and jars

Tins, cans, clean foil and aerosols

Milk, juice and soup cartons

Ready meal containers (any colour)

## We also collect small electrical items (anything with a plug or battery)

Place small electricals in a standard carrier bag on the recycling bin lid, with batteries and vapes in separate clear bags (vapes must be separate from everything else, including batteries).

## X NO THANKS

Nappies

Food

Plastic film, carrier bags or bin liners

Broken glassware or china

Crisps, sweets or biscuit wrappers

Use our waste wizard search to find out what to recycle where.  
Visit: [buckinghamshire.gov.uk/bins-to-use](http://buckinghamshire.gov.uk/bins-to-use)

## General Waste

Collected fortnightly

Unfortunately, not everything can be recycled in your kerbside collection.

Please recycle household items, soil, turf and building materials at your local Household Recycling centre.

### X NO THANKS

- Plastic bottles, tubs, pots or trays\*
- Glass jars or bottles\*
- Tins, cans, clean foil or aerosols\*
- Paper or cardboard\* (clean and dry)
- Milk, juice or soup cartons\*
- Batteries, vapes or small electricals\*\*

### ✓ YES PLEASE

- Nappies
- Used tissues and baby wipes
- Plastic film, carrier bags and bin liners
- Crisp, sweets and biscuit wrappers
- Broken glassware and china
- Polystyrene e.g. food trays and cups
- Pet bedding and pet litter

## Food Recycling

Collected weekly

You can recycle all food waste. Just bag it up and transfer it from your indoor caddy to the green food caddy for collection.

You can use plastic bags, compostable liners, or newspaper to line your food caddy, visit [recyclingforbuckinghamshire.gov.uk/food](http://recyclingforbuckinghamshire.gov.uk/food)

### ✓ YES PLEASE

- Raw, cooked, mouldy & burnt food
- Tea bags and coffee grounds
- Pet food: wet and dry
- Bones, shells, and skins (meat, fish or eggs)
- Fruit and vegetable peelings

### X NO THANKS

- Garden waste
- Pet bedding or litter
- Food or drink packaging
- Black bags
- Liquids e.g. cooking oils

Remember plate scrapings and even mouldy and out-of-date food can go in your food recycling bin

## Garden Waste

Collected **fortnightly**

Chargeable  
subscription  
service

### ✓ YES PLEASE

Grass cuttings

Plants, flowers  
and leaves

Hedge trimmings,  
tree cuttings and  
small branches

Non-noxious weeds

### ✗ NO THANKS

Turf, soil, stones or rocks

Pet bedding or litter

Plant pots, plastic bags, bin  
liners or compostable liners

Noxious weeds (e.g. Japanese  
Knotweed, Ragwort and Giant Hogweed)

## Bulky Waste Collections

You can use our bulky collection  
service to dispose of large items.

### ITEMS INCLUDE

#### Furniture

(Chairs, garden furniture,  
mattresses, beds, sofas,  
wardrobes)

#### White goods

(Washing machine,  
tumble dryer, fridge,  
freezer)

#### Electrical items

(TV, computer,  
vacuum cleaner)

This is a chargeable service.  
Bookings can be made online or  
by calling Customer Services on  
**0300 131 6000**.

Terms and conditions apply; please see  
the council website for further details:

[buckinghamshire.gov.uk](http://buckinghamshire.gov.uk)

We cannot collect the following items:

✗ Soil or turf

✗ Building materials

✗ Hardcore and rubble

You can dispose of these items at your  
local Household Recycling Centre,  
there may be a charge.

Customer Services 0300 131 6000

Monday to Thursday: 9am to 5.30pm

Friday: 9am to 5pm

## Household Recycling Centres

Buckinghamshire has ten household recycling centres across the county  
which makes it easy for you to recycle more, dispose of excess waste and  
get rid of large items like furniture or electrical appliances.

Last year the sites recycled more than 65% and accept **over 25 different  
waste streams!**

### Before you visit:

- Check our webcams online to see how busy the site is
- Sort your waste so it's easier to recycle or reuse different materials
- Check the website to see if you need a vehicle permit or have non-household waste to pay for

### Buckinghamshire Household Recycling Centres

All sites are open: 9am to 4pm (October to March) and 9am to 6pm  
(April to September).

### Household waste

Most waste from the home such as general rubbish, glass, cardboard,  
clothes, garden waste and furniture is still free of charge to dispose of and  
around 9/10 people visit and pay nothing to dispose of their waste.

### DIY waste

Small amounts of DIY waste can be disposed of free of charge, but you  
need an e-permit before you visit. Any amount of DIY waste over the free  
allowance will be charged for.

### Reuse shops

All sites accept items for reuse which are then delivered to the South Bucks  
Hospice shops at Aston Clinton & High Wycombe recycling centres.

Visit [buckinghamshire.gov.uk](http://buckinghamshire.gov.uk) to find addresses, webcams, virtual  
tours, full price list and more.

### Sites open seven days a week

Amersham  
Aston Clinton  
Beaconsfield  
Buckingham  
High Wycombe  
Langley

### Sites open five days a week (closed every Wednesday & Thursday)

Aylesbury
