

CHRISTMAS JUMPER SWAP

Every year around 12 million Christmas jumpers are sold in the UK

Collectively we have close to 69 million Christmas jumpers languishing in our wardrobes

1 in 3 adults under 35's buy a new Christmas jumper each year

Only 2 in 5 keep their Christmas jumper to wear again

But 53% of UK adults who celebrate Christmas now think it's important to do so in a more environmentally friendly way

To help reduce waste and save you money - come to our Christmas jumper swap. Bring any old (but wearable jumpers) on the date below, and pick up a new to you jumper.
